### Sabrina Burton-Simonson (Submitted by Miriam Tucker)

Sabrina, Sabrina, Sabrina. Her name is called more than any other name in this church. She is such a joy to be around and an awesome spirit to have as a friend. There is nothing she won't do, or anything you ask of her that she will not accomplish, whether it's working as the parish administrative assistant, volunteering with the MLK Committee, or selecting liturgical music with pastoral staff and Music Minister David Fowler. She is truly a child of God with a strong love for her church and family. She is professional, loving, giving, spiritual, discreet, honest and caring. She is what I call a PHENOMINAL woman of God. She is always there for you all the years that I've known her.

I have been so blessed to call her my sister in Christ and friend. Even though I'm older, I have always admired and looked up to her, and wish I had the energy she has. She's always on the move, doing something for somebody. I get tired just watching her! But that's how dedicated Sabrina is to her responsibilities. Thanks, Sabrina, for all you do.

### Shirley Davis (Submitted by Mary Helen Leitzinger)

Shirley is an integral part of the St. Vincent de Paul food pantry. She's in charge of the voucher program and sees that clients are provided with vouchers for clothing and household items as well as for furniture. As a retired social worker, she's well-versed in the ins and outs of the social services system and provides valuable information to those seeking assistance with payments for rent and utilities. Because our organization is too small to help everyone who asks, Shirley is able to refer clients to those agencies best able to help them.

What Shirley provides is a powerful dose of evangelization. Clients are not only given assistance, but respect and hope, things that some don't always enjoy.
